Subject RE: former IntelliData facility, 80 Pickett District Rd., New
Milford, CT

Stephanie,

Thanks for your call and your follow-up email. We will work with ERM to provide you with the schedule and other information requested in EPA's July 27, 2006 letter as soon as possible, but no later than by the end of December 2006.

Please note that Corillian Payment Solutions, Inc., not Corillian Corporation, is the entity responsible for the former IntelliData facility.

Regards,

Joshua A. Creem

Milford, CT

Dear Mr. Creem,

Thanks very much for taking the time to talk with me today about progress at the former IntelliData facility. As I mentioned on the phone, EPA is very interested in seeing progress on ERM's site investigation proposal, which we discussed during our meeting on June 27 and which was formally submitted to EPA on July 26. Results of the proposed investigation, as modified by the comments in EPA's July 27, 2006 letter (attached), will be critical to achieving EPA and DEP goals at the property. In particular, the results will be important for evaluating whether the Migration of Contaminated Groundwater Under

Control environmental indicator has been achieved at the property. EPA expects this environmental indicator to be achieved at the former IntelliData property by no later than September 2007.

In its July 27, 2006 letter, EPA requested, among other things, that Corillian Corp. provide a detailed schedule for work at the former IntelliData facility within 60 days of the date of that letter. EPA has received the the Quality Assurance Project Plan modifications requested in the letter, but it has not received the schedule (requested in Section I, item 6 of the letter) or the information requested in Section I, item 5 of the letter. Please send me the schedule and other information requested in EPA's July 27, 2006 letter by the end of December 2006, with a copy to Gene Shteynberg of CT DEP.

Thank you very much for your efforts to achieve RCRA Corrective Action goals at the former IntelliData property and please feel free to contact me if you have any questions,

Stephanie
